

MAKE A MUMMY

MUSEUM MASHUP

1. Lay the craft tube on the square of colored paper with the edge of the tube and the edge of the paper matching up
2. Draw a line to mark where to cut away the excess paper, then cut the paper
3. Glue the paper around your craft tube
4. Wrap the white fabric around the craft tube to create a mummy. Leave some space for eyes. Tie or tuck the end of the cloth to keep the wrappings in place.
5. In the space you've left open for the eyes, place the googly eyes on your mummy

SUPPLY LIST
